

BELLA FIGURA

Chandra Large Table Lamp

TL817-LA

Collection Name

VEGA COLLECTION

Styled in the same visual language as Hubble, Chandra marks another voyage of discovery- a mission to uncover the universe using X-Rays by the Chandra X-Ray Observatory. The mesmerizing images sent back from the space probe capture far off whirling galaxies, eddying and spiralling whilst seeming completely motionless, a concept we chose to encapsulate with this mini-series of ceramic table lamps.

Compatible with

Yacht Club

TL817-LA in Warm White and Bronze with 20" Straight Oval Shade in James Hare 31463-33 Simla Linen Grey
