

BELLA FIGURA

Crest Pendant

CL238

Collection Name

HALCYON COLLECTION

Rolling waves tumble and break over the dome of these atmospheric glass pendants which feature a hot finished edge, preserving the molten fluidity of the glass. These temperate waves are the perfect antidote to the tumultuous storm captured within its table lamp counterpart: the calm before the storm.

Finish note: As these pendants are handmade by our artisans in England and are a unique design, each pendant varies slightly in design and size from one another
