Erté Ceiling Light

CL210

Collection Name

MOONLIGHT COLLECTION

Our whirling Erté ceiling light is proof that inspiration can evolve from anywhere. Artist Erté is perhaps best known for his instantly recognisable graphic works which encapsulate the fashions of the Arts Décoratifs period in which he worked. The dancing limbs of this generous pendant light echo the flirtatious femininity of his designs and the synchronised movement of line within his work. Select glass in Clear for a glamorous glittering look or Frosted for an alluring glow to your interior setting.
