Ice Chandelier One Tier

CL800

Collection Name
VEGA COLLECTION

The Ice chandelier is a reinvention of one of our classics, the Icicle chandelier, which returns, quite literally, with a twist. The glass pendants themselves have been entirely remodelled and now these stalactite-esque droplets are suspended in swirling layers which install a sense of stillness and calm. This chandelier won its place in our Vega collection as its whirling form reminds us of vast rolling galaxies.
