

BELLA FIGURA

LONDON

THE WORLD'S MOST BEAUTIFUL LIGHTING

2019 CATALOGUE

At Bella Figura London we are passionate about product development and we strive to introduce more new designs every year than any other luxury lighting company in the UK. Our new catalogue for 2019 includes all our latest designs and a selection of our most popular products.

2018 saw the introduction of a revolutionary new service, which aims to make life easier for our clients, offering a solution to often demanding lead times and stressful deadlines. Our new EXPRESS service includes a wide selection of our most popular products, which we can despatch from our warehouse in 3-5 working days. Most of these are available in a large variety of colours and finishes. Our clients can also choose co-ordinating lampshades in any of our standard shapes, sizes, linings and a choice of 280 silk colours. This means that we can now offer a bespoke lampshade service in a week, which is a world first in the lighting industry. Over the course of 2019 we will be adding even more products into this service.

To view our full EXPRESS range and our entire product collection, please visit our website at www.bella-figura.com where you will also be able to view our new product launches as they become available every month.

BELLA FIGURA

LONDON

We have an extensive product range and our designs cover the entire style spectrum from retro to transitional – through to modern and ultra-contemporary. Our products are all lovingly created using the very highest quality materials and they are produced to our design and specification by artisans in both England and Italy.

Our flagship London showroom and Head Office are situated at the prestigious Chelsea Harbour Design Centre. In North America we have our own sales team in Houston, who are responsible for selling either direct to designers or through showrooms in the major design centres. For our European and Rest of World clients, we have a dedicated Export department based in London, as well as small number of carefully selected sales agents.

We are – and would like to remain – one of the world's hidden luxury brands – known only to the most discerning.

TABLE LAMPS

Our table lamp collection includes a wide selection of products made out of Glass, Lucite, Wood, Ceramic, Resin and Stone. We offer an extensive range of styles from transitional to ultra-contemporary, including our iconic Diamond Table Lamps which are hand made for us by one of the finest and most famous Murano Glassmakers. Many of these designs are now made in England as part of our long-term programme of developing British artisans.

FLOOR LAMPS

For chic ambient illumination, we have put together a concise collection of floor lamps, each with a unique charm. Nestled into the corner of a room or placed by a seating area; a floor lamp can bring a gentle cone of light, reflecting onto the ceiling and cascading down exactly where required.

CEILING LIGHTS

We have a very wide selection of ceiling lights in various styles, which range from beautiful transitional Murano Glass chandeliers, Florentine Metal and crystal chandeliers, through to more modern and contemporary designs.

All our ceiling lights are available in a wide range of materials, sizes and metal finishes. Most of our designs can also be customised to each clients' exact sizing and finish requirements. Please contact us for details of this unique service.

LAMP SHADES

Bella Figura's lamp shades are all handmade in our workshop in England. Our comprehensive selection of shapes and sizes of 4mm frames are available with Dupion, Crepe Satin or Silk Linens. A choice of coloured card linings compliment the 200+ hues of silk we can provide. Our shades can be produced using the customers own materials, and with a luxurious silk lining if preferred. Please contact us for more details.

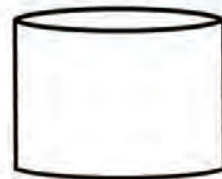

All our lamp shades are available with a lead time of only 10 working days from receipt of a confirmed order to despatch, subject to stock availability.

For EXPRESS orders this lead time is only 5 working days.
